HDPE - MDPE - LDPE

EN 12201-2. ISO 4422

Diameter : 20mm to 3500mm
Pressure : 4 - 25 Bar

<u>Diameter</u>	<u>Pressure</u>	<u>Standards</u>	<u>Length</u>
20mm to 3500mm	PN4 to PN25	BS EN 12201	12m, 100m, 500m

HDPE PE100 PIPES

Diameters : 20mm to 3500mm
Pressure : 4 - 25 Bar
Standard : EN 12201
Length : Up to 500m

PE80 PIPES - GAS

Diameters : 20mm to 630mm
Pressure : 5 - 10 Bar
Standard : EN1555-2 - ISO 443
Length : 4 - 100m

PE CORRUGATED PIPES

Types : Plain - Perforated.
Diameters : 100mm to 1000mm
Pressure : SN4 - SN8
Standard : EN 13476-3
Length : 4m - 5.8m - 6m

HDPE SLOTTED PIPES

Types : Perforated - SLOTTED
Diameters : 100mm to 1000mm
Length : 4m - 5.8m - 6m

EF COUPLER
20 - 1200mm

EF ELBOW 90°
20 to 180mm

PVC Pipes and Fittings

Pressure - Sewage

EN1401 - EN1452 - ISO3633 - DIN 8061

Diameter : 50mm to 1500mm

Pressure : 4 - 16 Bar

PVC Pressure Pipes

Diameters : 20mm to 1500mm

Pressure : 4 - 16 Bar

Standard : EN1401 - EN1452 - ISO3633 - DIN8061

Length : 4m - 5.8m - 6m

PVC High Impact Column Pipes

Diameters : 42 to 180mm / 1 1/4" - 6"

PVC perforated pipes

Diameters : 150 - 630mm

Types : Perforated - Slotted

Length : 4m - 6m

PVC Deep Well Pipes

Diameters : 88 - 330mm / 3" - 12 9/4"

Depth : 100 - 500m

Types : Standard - Filtered.

Length : 2m - 3m - 4m

PVC Geo-textile drainage pipe

Diameters : 75mm to 250mm

Pressure : 4 - 16 Bar

Standard : DIN1187

Length : 50m - 100m

Standard

EN 1452-3

Diameter

50 to 400mm

UP TO 160mm

Fittings PN25

DRIP IRRIGATION

Gaia

GLOB

When it comes to pipeline construction, two factors are essential to success: premium-quality pipes and fittings that meet your application-specific requirements and a high-caliber partner who can assist you with everything from product selection to on-site project planning.

Gaia's offers you the best of both worlds – premium quality and unrivaled expertise.
